Dear Don:

The Augusta County Board of Supervisors, at its Wednesday, May 23, 2012, meeting, approved the attached resolution requesting that the Virginia Department of Transportation proceed with advertising with the discontinuance of state maintenance of a portion of Route 636. The Board did express concerns with how the closure/discontinuance would affect residents that currently use the road but was willing to proceed with VDOT's considering the request due to the engineering complications associated with the pending road project.

Sincerely,

Patrick J. Coffield, County Administrator
