CTB Decision Brief

FY2017 High Volume Unpaved Road Program Allocations

Issue: Section 33.2-358 of the *Code of Virginia* authorizes the Commonwealth Transportation Board (CTB) to set aside funding for, among other things, paving unpaved roads. VDOT seeks the CTB's approval to allocate FY2017 funding in accordance with the High Volume Unpaved Road Program Policy previously established by the CTB (the Policy).

Facts: The CTB, on June 18, 2014, established a policy for the utilization of a portion of the section 33.2-358 unpaved road set aside to provide a hard-surface to eligible high volume (more than 500 vehicles per day) unpaved roads. Following established administrative procedures, VDOT solicited applications for projects from counties with eligible high volume unpaved roadways, and received applications for three such unpaved road projects in three counties. The applications were scored and prioritized pursuant to the policy.

Recommendations: VDOT recommends \$705,000 in FY2017 funds be allocated to projects pursuant to the High Volume Unpaved Road Program Policy as indicated on "Attachment A" of the proposed resolution.

Action Required by CTB: To allocate these funds, the policy requires the CTB to consider and approve the recommended projects. The CTB is presented with a proposed resolution for formal action.

Result, if Approved: The allocations will be available for the projects to commence.

Options: Approve, Deny, or Defer.

Public Comments/Reactions: None.
