Use of the CPR Bonds

The first sale in May 2010 was used to reimburse VDOT and DRPT for eligible project costs incurred prior to the sale and for DRPT transit and rail activity during FY 2011.

The two \$600 million sales in FY2011 and FY2012 provided proceeds to continue the transit and rail components overseen by DRPT and to fund the projects accelerated by the 2011 Transportation Bill.

The FYs 2014, 2016, 2017 and 2018 sales continued to accelerate and support the SYIP and the on-going transit and rail activities.

The FY 2019 sale continues to support projects in the SYIP and the on-going transit and rail activities.

Debt Service Payments

The first use of the revenues dedicated to the Priority Transportation Fund (PTF) is the debt service on the CPR bonds.

The PTF revenue is provided from:

One-third of the taxes collected on insurance premiums;

A portion of the motor fuels tax – 4% of Sales and Use Taxes on Motor Fuel;

Interest earnings.
