CTB Decision Brief

Discontinuance - Secondary System of State Highways: Route 749 in Frederick County

Issue: The Frederick County Board of Supervisors approved a resolution which supports the discontinuance of a portion of Route 749 in Frederick County, that is 0.05 of a mile in length. Pursuant to §33.2-908 of the *Code of Virginia*, said discontinuance must be approved by the Commonwealth Transportation Board (Board).

Facts: Upon review of the area, VDOT staff determined that the 0.05 mile portion of Route 749 should be discontinued as a part of the Secondary System of State Highways, pursuant to § 33.2-908 of the *Code of Virginia*, as it no longer provides a public convenience that warrants maintenance at public expense.

The Frederick County Board of Supervisors supported, by resolution on April 12, 2006 (Exhibit A, attached), the discontinuance of the 0.05 mile portion of Route 749 (road noted in “Orange” on Exhibit B, attached).

In accordance with §33.2-908, notice of the discontinuance was published in The Winchester Star newspaper on March 6 and 13, 2006 (Exhibit C, attached). Frederick County Board of Supervisors and property owners with land abutting the section of roadway considered for discontinuance received notice via certified mail.

Recommendation: VDOT recommends the Board approve the discontinuance of the portion of Route 749 referenced above.

Action Required by CTB: The *Code of Virginia* requires a majority of the Board’s members to approve the proposed discontinuance. A resolution describing the proposed road to be discontinued is provided for the Board’s consideration.

Result if Approved: If approved, VDOT will suspend all of its maintenance activity on the roadway segment.

Options: Approve, Deny or Defer

Public Comments/Reaction: There were no public comments made at the Frederick County Board of Supervisors meeting regarding this proposed discontinuance, and there were no requests for a public hearing.
