CTB Decision Brief

Economic Development Access – Amelia County Richardson Road Industrial Site

Issue: Pursuant to § 33.2-1509 of the *Code of Virginia* and the Economic Development Access (EDA) Fund Policy of the Commonwealth Transportation Board (CTB), Amelia County has requested funds from the EDA Program to assist in designing road access to eligible property within the Richardson Road Industrial Site. CTB approval for the allocation of the requested funds is sought.

Facts: Section 33.2-1509 of the *Code of Virginia* authorizes the CTB to expend funds set aside for constructing access roads to economic development sites on which certain establishments as prescribed by the *Code* or other establishments that meet the basic employer criteria as determined by the Virginia Economic Development Partnership (VEDP) in consultation with the Virginia Department of Small Business and Supplier Diversity will be built under firm contract or are already constructed. In addition, the CTB's Economic Development Access Fund Policy makes special provision for design-only Access roadway allocations to localities for projects that do not meet the Major Employment and Investment (MEI) criteria.

The CTB's EDA Fund Policy sets forth certain criteria which must be met for projects to be eligible for such funding and directs the Commissioner of Highways to establish administrative procedures to assure adherence to such policy and legislative requirements. The Commissioner established such administrative procedures in the Economic Development Access Program Guide administered by the Local Assistance Division of the Virginia Department of Transportation (VDOT). The Policy stipulates that the governing body of the locality shall provide a resolution requesting EDA Program funding prior to the Board's allocation of funds.

The property, with 95 acres available for development, has multiple parcels capable of producing capital investment, and the site has a potential maximum buildout of 1M sq-ft of building footprint. The project includes the design of a 0.45-mile-long roadway into the property, along with the design of entrance improvements at Route 360.

Amelia County is requesting funding from the Economic Development Access Program to assist with the design of roadway improvements to the Richardson Road Industrial Site. The County will administer the design of the proposed road project. The Amelia County Board of Supervisors agrees to provide a surety or bond in the amount of the estimated cost of the design of the access road prior to VDOT's authorization of Economic Development Access funds. Amelia County will be responsible for financial arrangements to provide for the required EDA Program matching funds, as appropriate, and all project costs exceeding the state EDA Program allocation to fully fund the project.

Recommendation: VDOT recommends the allocation of \$165,000 (\$150,000 unmatched and \$15,000 matched) from the Economic Development, Airport and Rail Access Fund be approved for design of this project, subject to certain contingencies as set forth in the accompanying resolution.

Action Required by the CTB: The *Code of Virginia* and the CTB’s EDA Fund Policy specify that the CTB shall approve the allocation of funds for the design of the access road project. A resolution is provided for formal vote.

Result, if Approved: VDOT and Amelia County will proceed with the EDA road project.

Options: Approve, Deny, or Defer.
