# DRPT Strategic Assessment

- ❑ Draft results of Parts 1 and 2 are nearly complete:
  - Part 1: Assessment of DRPT's performance to-date
  - Part 2: General recommendations to improve performance
  
- ❑ Four stakeholder workshops scheduled:
  - March 27: Roanoke
  - April 2: Richmond
  - April 5: Northern Virginia
  - April 9: Hampton Roads
  
- ❑ Feedback will be taken into consideration in development of Part 3, the final portion of this assessment
  
- ❑ Target date for completion: August 2007

# Human Service Transportation Workshops

- ❑ New federal requirements to receive federal funding
- ❑ DRPT is developing an agency plan to manage Virginia's new Coordinated Human Service Transportation (CHST) Program
- ❑ Regional CHST plans will be developed throughout VA
- ❑ A statewide CHST plan will be developed, in coordination with local plans
- ❑ Initial workshops are scheduled during March/April:
  - Identify human service transportation issues
  - Begin outlining regional coordination plans
- ❑ Target date for completion: by November 1, 2007 for this year's transit grant application period

# Intermodal Facility Site Search

- ❑ Locality meetings held to-date:
  - City of Roanoke City Council
  - Botetourt Co. Board of Supervisors
  
- ❑ Upcoming locality meetings confirmed to-date:
  - March 22: Roanoke MPO and Roanoke Alleghany Regional Commission
  - March 26: Montgomery County Board of Supervisors
  
- ❑ Locality feedback has been very helpful, and DRPT has been able to provide more detailed information about specific sites at these meetings
  
- ❑ Decision point still on schedule for April 2007

# HOT Lanes Transit/TDM Plan

- ❑ Goals:
  - Develop scenarios for the level of transportation investments needed in the I-95/I-395 corridor from Fredericksburg to Washington, DC
  - Identify the best combinations of rail, transit and commuter service options to help manage traffic congestion
  
- ❑ Status: scope of work developed and issued for bids
  
- ❑ Target date for completion: by end of 2007

# Dulles Corridor Metrorail Project

- Status of negotiations
- Key FTA reviews and submissions:
  - Review of independent cost estimate
  - Submission of financial plan
- Final design approval
- Implement transfer of toll road and project management
- Execute FFGA
