Motion carried.

STATE HIGHWAY COMMISSION OF VIRGINIA.

Moved by Mr. Rawls, seconded by Mr. Wycor, that the ERM Railway Company be advised that the Highway Commission will have to be governed by the law covering the maintenance of bridges. In case the shorter portion of a bridge extends beyond the right of way of the railroad, the Railroad Company is to do all the work and bill the Commission for the cost beyond their right of way line. If the greater length is off the Railroad Company's right of way then the State Highway Commission does the entire work and bills the Railroad Company for its part. Motion carried.

Moved by Mr. Gilpin, seconded by Mr. Rawls, that the location of Route 80 at Clifton Forge be on the north side of the river, provided the rights of way are furnished. Mr. Shirley voting nay. Motion carried.

There being no further business the meeting adjourned, subject to
the call of the Commissioner.

Approved-

H. T. Shirley
Commissioner.
